

Welcome to Hazel Class!

My name is Miss Forbes and I will be teaching in Hazel Class this year.

My name is Miss Anderson and I will be supporting in Key Stage 1.

My name is Miss Johnston-Kean and I will be supporting Key Stage 1.

This term, Our PE day will be Tuesday. Please ensure that you arrive at school prepared with a suitable PE kit which consists of navy-blue shorts or jogging bottoms, a white T-shirt, and a pair of black trainers or sand shoes.

In Year 1, children are expected to read at home daily. Children will bring home a reading book which matches their phonic ability and must read with an adult a minimum of three times per week. Children's book bags will be sent home every night and **MUST** be returned to school each morning.

Year 1

Important information

Reading and phonics	<p>In phonics this term, we will continue to work on our blending and segmenting skills. After revising some of the word structures and two letter one spelling sounds we learnt in reception we will begin learning the extended code. The extended code teaches us different spellings of different vowel sounds. This will include new books and activities that the children will complete.</p>			
Writing		<p>This half-term, we will be using the story of 'The Little Red Hen' as a focus for developing our writing. We will begin by learning and retelling the story orally and using drama, we will use pictures to help us to sequence the story. We will learn how to write a simple sentence including capital letters, full stops and finger spaces and will have lots of opportunities over the year to practise these skills.</p>		
	<p>After half-term, we will use the story 'monkey see, monkey do' as a focus for developing our writing. We will begin by learning and retelling the story orally and using drama, we will use pictures to help us to sequence the story. We will continue to write simple sentences including capital letters, full stops and finger spaces and will have lots of opportunities over the year to practise these skills.</p>			
Maths	<p>This term, we will focus on developing our understanding of place value, addition and subtraction and shapes. Within place value, we will be looking at numbers up to 10. We will think about how we can count these numbers, represent them in different ways, write them, order them and compare them. We will then think about adding and subtracting numbers within 10 and focus heavily on our number bonds to 10, as this will help us to unlock maths in other year groups higher up the school. Finally, we will think about naming and sorting a range of 2D and 3D shapes</p>			
Science			<p>In Science this half term, we will Identify and name the different arts of our bodies and their functions. We will also think about our senses, what they are and why we use them. After half term, we will look at the weather outside and observe how the weather changes with the seasons.</p>	

History

In history this term, we will look at toys from the past. We will explore these and compare similarities and differences to toys we have now.

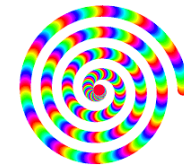

Geography

In geography this term, we will learn about where we live. We will look at the continents and oceans of the world and look at the United Kingdom in more detail. We will begin to use geographical vocabulary to explain physical features we can see.

Art

In this term, we will be exploring spirals. We will look at how to create art with our whole bodies and look at different ways to make spirals.

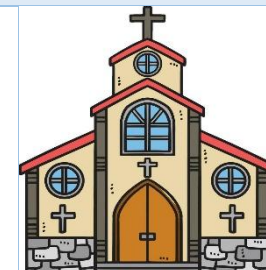

Design and Technology

In DT this term, we will be learning about homes. We will look at a range of different homes before designing, making and evaluating our own, thinking carefully about how we can make our structure as strong as possible.

RE

Mrs Teneur will be teaching RE in Hazel class. Children we will be learning about churches and how and why they are important in Christianity.

PE

In PE this term, we will think about developing our fundamental movement skills including running, jumping, throwing and catching.

PHSE

In PHSE this term, we will think about 'being me' and 'celebrating differences'. We will think about what makes us special and unique and how this is different for everybody.

Computing

This term in computing, we will explore how to staying safe online and will learn fundamental skills such as logging on and off the chrome books safely.

Music

In music this term, Mrs Teneur will be teaching children Music. The theme is 'keeping the pulse'. Children will explore keeping the pulse together through music and movement, by exploring their favourite things.
